**SPECIAL DISTRICT BALLOT
MADISON AND RUBY VALLEY RURAL AMBULANCE DISTRICT
MAY 5, 2026**

Shall the proposition to create the Madison and Ruby Valley Rural Ambulance District, which would result in the re-establishment of a rural ambulance district, be adopted? The duration of the proposed special district would be four (4) years. The district would be financed by an annual tax levy sufficient to fund the annual budget of \$700,000. The boundaries of the re-established district would be the boundaries of the existing Madison and Ruby Valley Rural Ambulance District, which includes the major portions of both the Ruby and Madison Valley hospital districts, except for the Madison County portion of Big Sky and the area encompassed by school districts 47 and 31. The re-establishment of the rural ambulance district and associated revenue will support emergency medical services and assist with funding the expenses associated with operating ambulance services at Madison Valley Medical Center in Ennis, Montana and Ruby Valley Medical Center located in Sheridan, Montana. The approximate number of mills to be levied is 13.6. It is estimated this will cost a home owner approximately \$25.84 for a home with an assessed value of \$100,000, \$77.52 for an assessed value of \$300,000, or \$147.05 for an assessed value of \$600,000. These cost estimates do not account for any reduced tax rates which may be applicable as approved by the Department of Revenue. Any increase in property taxes may result in an increase in rental costs.

For the creation of the Madison and Ruby Valley Rural Ambulance District with a levy of approximately 13.6 mills to raise \$700,000.

Against the creation of the Madison and Ruby Valley Rural Ambulance District with a levy of approximately 13.6 mills to raise \$700,000.
